Antique French Provincial Sideboard Buffet

The beautiful wood has aged gracefully, boasting a lovely rich patina in this French provincial sideboard. Three drawers over three spacious lower cabinet doors allows for excellent storage as a dining room buffet among other uses. Notice the curvaceous carved details along each of the panelled doors, drawers, sides and even on the cabriolet feet. While still strong, the age related wear adds to the authentic character of this beautiful sideboard which was hand-crafted in the late 1700's in France. Please examine close up details to appreciate the condition and appeal of this large buffet. This sideboard is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in France.
