## Antique White Painted Demi Lune Side Table, Sweden

While most of the original white paint has been scraped off, it is this very distressed feel that give this demilune table such a warm and comfortable "presence." Demi-lune tables were a traditional style element throughout the 1800's in Sweden. Today, this one can be used as a side table, console table, nightstand, or whatever purpose you decide. This table is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
