Antique Original Painted and Hand Carved Trunk, Great Small Coffee Table

The front of this interesting trunk has carved baskets filled with flowers, and a carved garland of flowers along the bottom which add to the charm of this country chest. The original brick red paint appears worn and distressed, but adds depth of character and compliments the carved details. There is no key, but the wrought iron handles on each side make it easy to carry and move about. The flat top makes this trunk ideal to serve as a small coffee table as well. Please take a moment to enlarge the photos and examine the details up close. This trunk is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
