Antique White Painted Gothic Bookcase Display Cabinet from Sweden

This charming bookcase has lovely lines, especially the delicate gothic trim that accents the long glass display doors. Whether to show off china, collectibles or your book collection, this cabinet will display them well and your arrangement can be perfected thanks to the adjustable shelves. Notice how the white paint has been rubbed and distressed, particularly around where you open and close the upper and lower doors in addition to the edges which all adds to the character of the bookcase.

This painted bookcase is part of our "un-restored" collection and is being sold in "as is, used" original condition; how we found it in Europe. You are welcome to contact us directly if you would like to learn more about this or other items, we will be happy to assist you further.
