Antique Dark Pine Bow Front Corner Cabinet from Sweden

The lovely appeal of this graceful bow front corner cabinet is due to the simple Swedish styling and dark patina of the aged pine. Notice the fine details, such as the deep molding of the crown, the scallop and vertical opening cut outs along the center. The interior is fitted with shelves and painted a deep red that glows with a wax finish. Made in two sections, both the upper and lower cases feature two bowed paneled doors. Please take a moment to enlarge the photos and examine the details up close. Restored and waxed, this corner cabinet is an exceptional find! Locks function and come with 2 keys.
