Rustic Vintage Slab Plank Coffee Table with Splay Peg Legs

In person, you will be drawn to run your hand along the surface of this thick, plank wood topped coffee table. With gouges, scrapes and markings acquired with over 100 years of use originally as a work table, this coffee table is loaded with character. The darker splay peg legs and metal bolts in the sides add to its appeal as well. Whether you are looking for a true vintage table in an urban farmhouse or want to add an organic touch to a contemporary loft, this a one of a kind table will draw attention and comments from your visitors. The coffee table has been restored and waxed and rests strongly upon four original slanted peg legs.
