Antique Original Painted Long Bench With Storage from Romania

This long 9.5' antique pine bench from Romania still maintains the original folk art paint from 1929 the year it was crafted. The traditional folk art of the late 1800's into 1900's included floral motifs painted along the front and back such as this one with green floral wreaths and red flowers. It has a low seat back, and the 2 bench seats lift to reveal hidden storage below. The wear and fade of the paint and wood reflects generations of use and adds to the country charm of the bench. The entire bench has been restored and waxed, so it is strong and ready for use. Seat height: 18.5"
