Antique Biedermeier Birch Secretary Bureau from Sweden

This stunning secretary is made of birch wood with a shellac finish which brings the wood to life. The wood grain appears to glow from within, and the detailed drawers and classic Biedermeier black columns complete the overall classic look. The desk /shelf lowers to reveal the interior with 2 long slender drawers, 8 small drawers and one central "cubbie" or small cabinet in the center. Please enlarge photos to appreciate the incredible craftsmanship in this classic Swedish bureau; even the petite bone pulls are all in place. This remarkable secretary has been restored and is ready to be placed and admired.
