## Antique 4 Door French Bleached Oak Long Sideboard

This long sideboard shows off its French style in the carved panels and lovely details along the skirt, door & drawer panels. The bleached finish gives it a fresh and welcoming look for today's modern home and it sits gracefully upon cabriole feet. Typical separation of planks, signs of cracks, etc are commensurate with age, please enlarge photos of top, side and front panels for clear understanding. There is a slight bow to the rear left corner which is not very noticeable when viewing from the front/in person. The interior shelving still has old distressed worn red felt lining. This sideboard is being sold in as is condition, as we found it in Europe; the drawers function, it is solid/stable for use.
