Antique Bleached Oak Tall French Sideboard

The French style of this tall sideboard is seen in the stately lines of the panels and canted sides. There is a slight curve to the drawers which creates a "crown" along the top as well. Notice the simple, refined floral motif carved into the door panels. The bleached finish gives it a fresh and welcoming look for today's modern home. Typical separation of planks, signs of cracks, etc are commensurate with age, please enlarge photos of top, side and front panels for clear understanding. This sideboard is being sold in as is condition, as we found it in Europe; the drawers function, it is solid/stable for use.
