Small Antique Painted Chest of Drawers or Nightstand from Sweden

A small antique chest of drawers with brass key escutcheons and a new painted finish from Sweden. The curved front is carried down through the 3 drawer fronts. The dark brown paint almost looks black in some lighting and has been distressed in places to expose the wood beneath, creating a dark brown undertone which enhances the patina of this restored antique chest of drawers. The piece is strong and the drawers function. The convenient size allows this to be used as a nightstand or sofa end table as well.
