## Long Vintage Buffet Sideboard of Bleached Oak from France

This long sideboard shows off its French style in the panels and lovely details along the skirt and drawers. Carved details include flourishes along the drawers, door panels and cabriolet feet. The bleached finish gives it a fresh and welcoming look for today's modern home which will serve well as a buffet or long entryway statement piece. Four long drawers in the center are balanced by cabinet doors on each side. Typical separation of planks, minor cracks throughout, nicks, etc. are commensurate with age. This sideboard is solid/stable and ready for use but has not been restored so signs of wear/age are expected.
