Early 20th Century Original Red Painted Tea Tray Side Table With Goats on Mountain Scene

There is a tremendous amount of character packed into a small space in this unique tea table with its removable red painted metal tray. Notice the hand painted pastoral scene with goats resting upon a mountain top, encircled by golden leaves entwined around the circumference of the outer rim. Restored and strong/stable, the wooden legs are gracefully tapered and the metal tray rests easily in the frame. There is some minor paint loss (no flaking), fading, and staining (see rings) which is commensurate with use and the age of this inviting side table which is ready to be used and enjoyed.
