## Early 19th Century Original Blue Painted Coffee Table from Hungary

This delightful coffee table is a special find thanks to the original blue painted finish and traditional floral embellishments. The simplistic folk art paint style of Eastern Europe included the use of bright colors, flowers and vine motifs all seen here in this whimsical table. Note the generations of use revealed in every scratch, nick, and areas where the paint has worn all the way down to the natural pine below. This one of kind coffee table has been professionally restored and waxed, it is strong, stable, and ready to be used. The single drawer is functional as well.
