## Antique Rustic Butchers Top Slab Wood Console Table With Splay Legs

The thick slab top draws one to this rustic console table due to the heavy distress seen in every scratch, crack and gouge that came from years of constant use( likely in a butcher's shop). Areas of extreme wear and even dried up old wormholes (of no concern) all add to the rustic appeal of this unique splay leg work table. It has been restored, lightly sanded and waxed so it is strong, stable and ready for use.
