Antique Swedish Chest of Drawers Painted Black

The simple lines that accent this charming pine chest of three drawers are reflective of its Swedish country styling. Note the gentle carving along the top and traditional vertical grooves along the sides. This lovely three drawer pine chest of drawers rests on block feet. It has recently been given a professionally applied matte black painted finish which is lightly distressed, adding a fresh look to the old piece. Restored, the drawers function and the case is sturdy - ready to be used and enjoyed as a chest, nightstand or even side table. Please take a moment to enlarge the photos and examine the details up close.

Any scratches, cracks, dings, or age related separation are commensurate with age and do not detract from the beauty nor function of this lovely piece.
