Antique Large Blue Painted Rococo Chest of Drawers from Denmark

It is the striking blue painted finish that draws one to this handsome large oak chest of drawers. Later professionally painted in blue and teal shades, the finish has been lightly scraped and sanded exposing the natural wood beneath and beautifully highlighting the details in the casework including decorative carving along the skirt. Each drawer functions with two pulls to each drawers, drawer bottoms are made of pine. This large dresser is strong/stable and ready for use; any scratches, dings, marks are commensurate with age. Please enlarge the photos to examine the details and exceptional painted finish close up.
