White Painted Gustavian Sideboard, Sweden circa 1820-40

This lovely white Gustavian sideboard comes from the Swedish countryside. The simple fluted carving along the panel doors was a traditional element in Swedish furniture from this era.

The newer, professionally applied white painted finish has been lightly distressed to fit the age and grace of this pine buffet. Raised on fluted tapered feet. One key will be included to use as a pull for the door (no functioning lock).

Restored, strong and stable this sideboard is ready for use.

Any scratches, cracks, dings, or age related separation are commensurate with age and do not detract from the beauty nor function of this lovely Swedish sideboard. Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
