Rustic Work Table Console Table, circa 1880 from Hungary

The strong appeal of this rustic console table comes from the well worn top reflecting generations of use.

It originally served as a work table, resulting in the worn patina with deep gouges, cracks, scrapes, stains, and old gnarls.

A back and side trim were added at a later point, the wood for this rim and the two stretchers are a lighter wood than the top and legs.

It has been restored so it is strong and stable.
