Black Painted Display Cabinet Bookcase with Glass Doors, Denmark circa 1770

This Danish country pine cupboard may be used as a display cabinet or bookcase. The upper pane glass doors allow for lovely display of any collection held within.

The newer professionally applied black painted finish is lightly distressed to fit the age and grace of the cabinet. The contrasting interior is painted in a shade of burnished red.

Canted sides, upper latches work, lower cabinet does not lock/latch; brass pulls used to open lower doors.

Restored, this cupboard (built in two sections) is stable and ready for use.

All scratches, cracks, dings, and age related separation are reflective of age and do not detract from the beauty nor function of this lovely cabinet.

Please refer to professional photos for clear understanding of color, condition and details; photo lighting, individual monitor display and home lighting may all impact how item is viewed.
