Blue Painted Bookcase Display Cabinet with Glass Doors, Denmark circa 1840

Delightful blue painted pine bookcase with dentil molding along crown and traditional diamond details throughout. Lower drawers and attractive feet bring balance to this display cabinet. Restored, later professionally painted in layered shades of blue all lightly distressed to fit the age and grace of this lovely bookcase. The interior is painted a contrasting burgundy, which will beautifully display any collection held within. All scratches, cracks, dings, or age related separation are reflective of age and do not detract from the beauty nor function of this cabinet.

One skeleton key included to use simply as a pull for right door; locks do not function.

Interior top shelf depth 16"

Interior middle shelf depth 16"

Interior bottom shelf depth 17.5"
