Rustic Slab Wood Round Coffee Table, China circa 1890

The incredible appeal of this impressive coffee table comes from the wood itself which is aged, thick and rugged. Every crack, nick and separation add to the depth of character in this rustic table with a strong organic feel.

The 9" thick top rests on heavy rounded legs and trestle base. There is an indentation in the center of the table top seen in the photos.

Restored and waxed, this coffee table is strong and ready for use.
